**CAMP HILL**
**BOROUGH COUNCIL**
**RESOLUTION NO.** 2012-01

**WHEREAS**, Section 5 of the Act of January 24, 1966, P.L. 1535, No. 537, known as the "Pennsylvania Sewage Facilities Act," as amended, and the Rules and Regulations of the Department of Environmental Protection (Department) adopted thereunder, Chapter 71 of Title 25 of the Pennsylvania Code, require Camp Hill Borough (referred to sometimes herein as "municipality" or "Borough") to adopt an Official Sewage Facilities Plan providing for sewage services adequate to prevent contamination of waters and/or environmental health hazards with sewage wastes, and to revise said Plan whenever it is necessary to meet the sewage disposal needs of the municipality, and

**WHEREAS**, the last update to the Official Sewage Facilities Plan was in November 2010 (2010 Act 537 Plan Update) and said Update was approved by the Department in June 2011; and

**WHEREAS**, the alternatives of choice to be implemented by the municipality as described in the 2010 Act 537 Plan Update included construction of a new 4.5 mgd capacity wastewater pumping station at Spangler Road with a force main to the point of connection with the Hampden sewer system along Conodoguinet Creek; and

**WHEREAS**, subsequent design investigations have determined that it is advantageous to place the new wastewater pumping station at a site different than identified in the 2010 Act 537 Plan Update; and

**WHEREAS,** Gannett Fleming, Inc. has prepared a report to the Borough entitled "Act 537 Sewage Facilities Plan Update Narrative For Wastewater Pumping Station Site Relocation" (Report) that identifies the preferred location of the new wastewater pumping station, sets forth the construction and long-term operation and maintenance advantages to the placement of the new pumping station on said new site, and provides for public review and comment on the proposed new pumping station site location; and

**WHEREAS,** Camp Hill Borough finds that construction of the wastewater pumping station on the proposed site as described in the Report conforms to applicable zoning, subdivision, other municipal ordinances and plans and to a comprehensive program of pollution control and water quality management.

**NOW, THEREFORE, BE IT RESOLVED** that the Camp Hill Borough Council hereby adopts and submits to the Department of Environmental Protection for its approval as a revision to the "Official Plan" of the municipality, the above referenced Report. The Borough will employ its best efforts, under all the circumstances that will prevail from time to time, to implement the plan as stated therein, and acknowledges the authority of the Department to enforce that schedule pursuant to the Sewage Facilities Act

Resolution adopted this 8th day of February, 2012

Attest: **CAMP HILL BOROUGH COUNCIL**

Anne Shambaugh
Secretary
