

“NEW!”

Camp Hill Environmental Club

Caring for the QUALITY of Camp Hill’s Land, Water, and Air.

Please join a team of caring BOROUGH CITIZENS interested in making a positive, healthy difference at a grass roots level. This club has been organized and will be led by resident Paul Garrett. This active, newly forming club is interested in employing GOOD STEWARDSHIP practices to improve and maintain OUR most important natural resources. We will be picking up litter on OUR sidewalks/streets, alleys and in OUR parks, removing manmade debris from OUR streams and Creek, and monitoring OUR air quality. We will actively support all faith-based, and school-based environmental efforts. We will also work with and support BOROUGH businesses that employ “green practices”.

Meeting Dates: February 22nd, March 22nd, April 26th & May 24th

Location: Prosser Hall/Community Room at Borough Hall

Time: 7:00- 8:30 pm.
