

VAX FACTS FOR PARENTS & GUARDIANS

May 13, 2021 | 12:00 – 12:45 p.m.
Facebook Event

COVID-19 vaccines are new, and it's normal to have questions about them – especially when it comes to getting your child vaccinated! There is so much information—and misinformation— out there, it can be overwhelming to try figuring it out on your own.

That's why it's important to connect with reliable, trusted sources. Tune-in to hear from doctors about the COVID-19 vaccines and children, get your questions answered, and learn more about the authorization process.

Everyone who chooses to get vaccinated does it for a reason—to protect their family, to protect their children, to be less anxious, or to get back to activities like seeing friends, resuming work, or returning to school.

HOSTED BY:

PA Commission for Women

MODERATED BY:

PA First Lady Frances Wolf
and PA Acting Physician
General Dr. Denise Johnson

PANELISTS:

- Dr. Delana Wardlaw,
Family Physician
- Dr. Elana McDonald,
