

January 25, 2021

To: Camp Hill Borough Residents

Re: Penn Waste Pricing

Beginning April 1, 2021, Penn Waste bills will be adjusted. As expenses for local trash companies have gone up, rates have been raised in all local communities. In an increasingly volatile and competitive trash disposal market, the Borough worked hard to negotiate a fair agreement extension that will also provide important community benefits.

New Rates for the Term 4/1/21-3/31/23:

- Year 1 (4/1/21-3/31/22) - Quarterly Rate of \$53.25
- Year 2 (4/1/22-3/31/23) - Quarterly Rate of \$62.25

Low-Volume Service (24 bags per year):

- Year 1 (4/1/21-3/31/22) - \$6.00 per bag
- Year 2 (4/1/22-3/31/23) - \$7.00 per bag

Penn Waste Inc. will continue to provide the residents of Camp Hill trash and unlimited recycling collection, and billing will continue to come from Camp Hill Borough, included in the Utility Bill. Current services will remain in place, except that starting this April, yard waste collection will be collected only once a month. Please see the calendar on the Borough website for collection dates.

Additional Benefits/Changes are part of this agreement, including the following:

- An annually scheduled Document Shredding Event will be offered, free of charge to all residents of the Borough.
- Three containers will be provided annually to the Borough to be used in the event of storm damage to aid residents in the clean-up effort.
- The recycling dumpster by the Borough building will be removed, but residents are welcome to use the recycling dumpsters located by Public Works.

For all trash payment and billing questions, please contact Rachael Burger at (717) 737-6532 or rburger@camphillborough.com. The billing will continue to be quarterly in January, April, July, & October.
